Letter of Support for Pushworth – Face the Music Program

It is my pleasure to offer full support to The Pushworth Group and their application for the Restart Investment to Sustain and Expand (RISE) Fund, supporting the arts and entertainment sector to reactivate. The Pushworth Group has a long history of nurturing the careers of musicians while also supporting venues across Queensland.

The Pushworth Group has worked with musicians from their formative stages through to ARIA and Grammy award winners, developing some of Australia's most iconic musicians, and producing significant community festivals. Their latest program, Face the Music, utilises this expertise to develop existing and emerging musicians, elevating their standard, and supporting them to further capitalise on upcoming tours, releases, campaigns, and business opportunities.

The Face the Music program, is designed to support independent artists in the Australian Music Industry, to increase the level of entertainment, marketing and supportive services. This will ultimately drive traffic to bars and venues across Queensland, attracting more people on premises in local communities and increase trade across the broader arts industry.

In fully supporting the Face the Music program, I acknowledge the invaluable contribution The Pushworth Group makes to the arts and music industry. The Face the Music program is incredibly important for the community and the arts industry's continued recovery.

Yours sincerely

A handwritten signature in blue ink that reads 'Trevor' followed by a diagonal slash.
